

**BUSINESS PLAN 2022-2023**  
**MARSHALL AID COMMEMORATION COMMISSION**

**March 2022**

## FOREWORD

In 1953 the British Parliament enacted the Marshall Aid Commemoration Commission Act named in honour of General George C. Marshall, in appreciation of the assistance given in the aftermath of World War II through the European Recovery Programme - commonly known as the Marshall Plan.

This Act created the Marshall Scholarships and specified that the Marshall Aid Commemoration Commission, or Commission, be established to oversee and manage the scholarships. The Commission came into being that year, and the first twelve Marshall Scholars arrived in the UK in 1954. In his message to the scholars, General Marshall wrote "*A close accord between our two countries is essential to the good of mankind in this turbulent world of today, and that is not possible without an intimate understanding of each other.*"

In the years since then, the MACC has overseen what has become a very successful and prestigious scholarship programme for young American students wishing to undertake postgraduate degrees at universities throughout the UK. Indeed, a previous President of the United States of America recognised that the Marshall Scholarships are one of the top academic honours anywhere in the world.

The programme's success can be demonstrated by the positions of significant influence held by many of the 2,000+ Marshall Scholars to date, including two Supreme Court Justices, a Nobel Laureate, an astronaut, the former White House Legislative Affairs Director, the Director of the CIA, four Pulitzer Prize winning authors and journalists, an Oscar-nominated filmmaker, several founders of multi-billion dollar enterprises, and numerous innovators and leaders in all branches of science and education. Further information can be found in the Marshall Impact Report: <https://www.marshallscholarship.org/media/2264/marshall-scholarship-impact-report-final.pdf> The Marshall Scholarship Programme is perceived as one of the most prestigious Scholarships currently on offer in the US and this is demonstrated in the intense competition for the Scholarships - the MACC receives over 1,000 applications for the places on offer each year (currently between 45-48) allowing the Commission to maintain exceptionally high standards in its selection criteria of academic excellence, leadership and ambassadorial potential.

The Commission operates the only scholarships for American students created by an Act of Parliament and funded substantially by Her Majesty's Government, providing unique and valuable access to, and links with, the British Government, institutions and people. Marshall Scholars can attend any British University and study almost any subject. This range of choice enhances both the academic and social experience of the scholarship recipients. Marshall Scholars arriving in the UK are introduced to the work of government, to professional networks and to cultural bodies, enriching their experience and enabling them to form lifelong connections to the UK.

The public diplomacy / soft power aspect of the Commission's work is a unique part of our value. Our strong global alumni network, the Association of Marshall Scholars (AMS), enhances our reach and the influence of the British Government in the USA. The Commission actively engages with the British Government through the Foreign, Commonwealth and Development Office (FCDO) and the Embassy and Consulates in the United States to maintain the prestige of the Marshall programme and the investment in future influence which it represents.

This Business Plan should be read in conjunction with the Marshall Aid Commemoration Commission's Corporate Plan 2021-2024.
